SWOT Analysis

Strengths

1. Practical experience in IT/Cybersecurity
2. Knowledge attained in CISSP studies
3. Attitude towards failure

Weaknesses/Areas for Further Development

1. Time Management
2. Task Prioritization

Opportunities

1. Attend cybersecurity conferences
2. Stay up to date on cybersecurity studies, particularly around the application of UX design principles in cybersecurity
3. Pursure further studies at University of Essex if possible

Threats

1. Professional work pressures being a contractor
2. Personal mental and physical health
3. Family problems
